NEW SCALE HOUSE & RECYCLE CENTER

EVER WONDER WHAT CAN GO IN YOUR ORGANICS BIN?

IN GENERAL, THE FEEDSTOCK MAY CONSIST OF THE FOLLOWING FOUR GENERAL CATEGORIES

- 1 - Food waste (vegetables, fruits, meat products, dairy, grains, baked goods, coffee grounds)
- 2 - Food contaminated paper (pizza boxes, paper towels, napkins)
- 3 - Compostable food service ware
- 4 - Leaf and Yard Waste (vegetative matter from gardening, horticulture, agriculture, landscaping)

HERE ARE FIVE ITEMS TO LINE YOUR ORGANICS BIN WITHOUT PLASTIC BAGS

- Newspaper
- Cardboard box
- Shredded paper
- Paper bag

"We work hard to make the best compost suitable for gardens and agriculture. Please keep glass, plastic and metal out of your organics bins."

SAFETY

SAFETY SITE

ROSERIDGE HEALTH AND SAFETY OBLIGATIONS DON'T END WITH OUR WORKERS.

We must ensure that all people in the vicinity of our work site are protected from identifiable dangers. For the sake of everyone on site we ask that you cooperate with the following:

GENERAL SAFETY RULES

- Observe the posted speed limits and don't drive distracted kids and pets must remain in your vehicle at all times. Smoking is prohibited
- Unauthorized and uncontrolled removal of waste is prohibited
- Unload waste in designated areas only
